

MARA Holdings, Inc.

NASDAQ : MARA

12M Target Price (Bloomberg)
21.77 USD

Mara Holding, Inc. (MARA) is a technology company in the cryptocurrency mining sector focusing on Bitcoin. As of 2 April MARA holding BTC around 47,531 with their current installed hash rate is 30.6 EH/S. Their only selling Bitcoin to reinvest in enhanced mining operations such as 2PIC, MARATOOLS, AURURO and ALYS

In cryptocurrency mining sector by mining proof-of-work (PoW) cryptocurrencies like Bitcoin Select a reviewer from among the users who solve the fastest mathematical equations in the system. This mean by mining BTC demands immense computational power. MARA innovative approach to energy utilization. The company identifies locations with potential energy sources technological solutions to convert this energy into electricity which help reduce cost and MARA had an ability to maintain power grid balance help them become a interesting partner for energy producers

But we concern about political and policy that might impact MARA such as Trump point of view and regulation. The executive order formalizes Bitcoin as a US government reserve asset but lack of new government Bitcoin purchases disappointed investors that make political risks remain.
