Suitability Test

Individual

1. Age

☐ over 10 years old ☐ 45 - 10 years old

☐ 30 - 44 years old ☐ below 20 years old

Individual & Juridic Person

2. Financial ability to income?

☐ Exceeding 75% of total income ☐ Between 50% to 75% of total income

☐ Between 25% to 50% of total income ☐ Below 25% of total income

3. Financial status?

☐ Assets lower than liabilities ☐ Assets equal liabilities

☐ Confident that savings or investment are sufficient for living after the retirement ☐ Assets exceeding liabilities

4. Do you have prior investment experience in any group of these assets? (May select more than 1 item)

☐ Bank deposits ☐ Government bond or Government bond fund

☐ Securities or Fixed income fund ☐ Common stock or Equity fund or any other assets with high risks

5. The period that you will not need to use asset of the investment for other purposes?

☐ Not Exceeding 1 year ☐ 1 - 3 years

☐ 3 - 5 years ☐ Exceeding 5 years

6. Main objective for your investment?

☐ Principal preservation with low return ☐ Focuses on opportunity to receive consistent return, but may risk losing small portion of the principal

☐ Focuses on opportunity to receive higher return, but may risk losing more of the principal ☐ Focuses on highest return in the long term, but may risk losing most of the principal

7. When you see the graph below, which groups do you prefer to invest the most?

☐ Investment Group 1 having an opportunity to receive return of 2.5% without incurring any losses ☐ Investment Group 2 having an opportunity to receive return of 7%, but may incur some losses up to 14%

☐ Investment Group 3 having an opportunity to receive return of 15%, but may incur some losses up to 30% ☐ Investment Group 4 having an opportunity to receive return of 25%, but may incur some losses up to 50%

8. If you choose to invest in assets that have the opportunity to receive high compensation, but may also incur substantial losses, how do you feel?

☐ Worried and panic, fear of losses ☐ Feel uncomfortable, but understandable

☐ Understood and accept a little level of volatility ☐ Does not worry about big losses and hope to receive higher return

9. You feel worried / unacceptable when the value of your investments changes (down) at what proportion?

☐ 5% or lower ☐ Exceeding 5 - 10%

☐ Exceeding 10 - 20% ☐ Exceeding 20%

10. If you invested BHT 100,000 last year, and you discovered that your investment is decreased to BHT 60,000 this year, how would you feel and do?

☐ Frustrated and need to sell the rest of investments ☐ Worried and will make some adjustment to the investment by investing in low risk assets

☐ Be patient and wait for the investment to yield some return in the future ☐ Still confident because it is a long term investment and will put more investment in order to average the cost

Use specifically for Derivatives

Individual & Juridic Person

11. Through successful derivatives and structured note investment, you will be entitled to receive high return. On the other hand, if the investment has high risk, you may lose all your investment and may need to put more investment. Can you accept that?

☐ Not acceptable ☐ Acceptable

Use specifically for Foreign Investment

Individual & Juridic Person

12. Apart from the investment risks, can you accept foreign exchange risks?

☐ Not acceptable ☐ Acceptable
